

Handbook of Nature Study Suggestions for Grammar Grades

Filesize: 4.43 MB

Reviews

Basically no terms to clarify. It can be written in basic terms instead of difficult to understand. I am easily could get a enjoyment of reading through a composed publication.

(Dr. Hazel Ziemann IV)

Plants least injured; plants most injured. 6. Means of protection against injury. (B) 1. Purpose of injury--food, home, egg repository, undeter mined. 2. Methods of inflicting injury. a. Adaptive structures of insects. b. Various ways in which the same part of the plant is injured. (Examine varieties of leaf, galls, etc.) The month of September offers a most interesting variety of topics for consideration. There are so many educative fields of study and so large a list of optional courses to follow during the months panoramic changes, that one finds it somewhat difficult to limit himself to any one phase of the activities before him in the realm of Nature. However, we have found in choosing for our consideration the problems of living beings and the ways they...
