Shabda Press, United States, 2014. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.What If Matter Is Different Than How Science Describes It? The clash of ideologies between science and religion-this book argues-is based on an incorrect understanding of matter, disconnected from consciousness, and an incorrect notion of God, disconnected from matter, space and time. The ideas of soul, morality, God and afterlife can also be scientific, but in a new science that studies meanings instead of objects. Informed by Vedic philosophy, this book is structured into 10 short essays: Is the Apple Really Red? provides an overview of the Vedic view of matter, which is described as symbols of meaning rather than meaningless things. The relation between this notion of matter and problems of realism and empiricism in science are discussed. Is Free Will an Illusion? argues against the materialist interpretation of Libet's experiment, which claims free will is an illusion. The author discusses the Vedic view of free will and shows how it is consistent with Libet's own conclusion about his experiments. Evolution-Mind over Matter critiques the molecular theory of evolution, showing that in an ecosystem no single living being...
